

牙科部2017年SCI學術論文發表

編號	姓名	文章題目	發表刊物	類別
1	謝義興	The role of Thyroid Transcription Factor-1 and Tumor differentiation in Resected Lung Adenocarcinoma.	Scientific Reports	original article
2	謝義興	The prevalence and distribution of radiopaque, calcified pulp stones: A cone-beam computed tomography study in a northern Taiwanese population	Journal of Dental Sciences	original article
3	謝義興	Geometric features of second mesiobuccal canal in permanent maxillary first molars: a cone-beam computed tomography study	Journal of Dental Sciences	original article
4	謝義興	Metformin-treated cancer cells modulate macrophage polarization through AMPK-NF- κ B signaling	Oncotarget	original article
5	謝義興	The association of betel quid, alcohol, and cigarette with salivary gland tumor – a case-control study	Journal of Dental Sciences	original article
6	陳元武	Danshen extract circumvents drug resistance and represses cell growth in human oral cancer cells.	BMC Complementary and Alternative Medicine	original article
7	陳元武	Lymph node density as a prognostic predictor in patients with betel nut-related oral squamous cell carcinoma.	Clinical Oral Investigations	original article
8	陳元武	Langerhans Cell Histiocytosis at the Right Mandible	Journal of Dental Sciences	original article
9	陳元武	Comprehensive orthognathic correction of post-traumatic Le-Fort II deformity	Journal of Dental Sciences	original article
10	陳元武	The nasolabial subcutaneous pedicle flap for lower-lip defect reconstruction	Journal of Dental Sciences	original article
11	陳元武	EZBite open mouth device: A new treatment option for oral submucosal fibrosis-related trismus	Journal of Dental Sciences	case report
12	陳元武	Complete remission in very advanced oral cancer by docetaxel, cisplatin, 5-fluorouracil based induction chemotherapy followed by concurrent chemoradiation	Journal of Dental Sciences	original article

13	陳元武	Melatonin exerts anti-oral cancer effect via suppressing LSD1 in patient-derived tumor xenograft models.	Oncotarget	original article
14	黃仁勇	Complicated root canal morphology of mandibular lateral incisors is associated with the presence of distolingual root in mandibular first molars: a cone-beam computed tomography study in a Taiwanese population	Journal of Endodontics	original article
15	黃仁勇	Chronic periodontitis is associated with increased risk for osteoporosis: A population-based cohort study in Taiwan.	Journal of Periodontal Research	original article
16	黃仁勇	Complicated root canal configuration of mandibular first premolars is correlated with the presence of distolingual root in mandibular first molars: a cone-beam computed tomography study in Taiwanese individuals	Journal of Endodontics	original article
17	黃仁勇	Dental Restorative Treatment Expenditure and Resource Utilization in Patients with Chronic Kidney Disease: A Nationwide Population-Based Study	Journal of Dental Sciences	original article
18	莊傳宗	Simple Synthesis of Eco-Friendly Multifunctional Silk-Sericin Capped Zinc Oxide Nanorods and Their Potential for Fabrication of Hydrogen Sensors and UV Photodetectors	ACS Sustainable Chemistry & Engineering	original article
19	鍾明邦	Evaluation of Buccal Bone Concavity in the Esthetic Zone: A Cadaver Study	Implant Dentistry	original article
20	謝承佑	The prevalence and distribution of radiopaque, calcified pulp stones: A cone-beam computed tomography study in a northern Taiwanese population	Journal of Dental Sciences	original article
